

Curriculum Vitae

Name: Raju Venugopalan

Education: B.S., University of Chicago, *June 1987*.
Ph.D., Stony Brook, *August 1992*.

Post-doctoral appointments: *Sept. 1992-Aug. 1994*, Research Associate, Theoretical Physics Institute, Univ. of Minnesota, Minneapolis, MN

Sept. 1994-Dec. 1996, Research Associate, National Institute for Nuclear Theory, Univ. of Washington, Seattle, WA

Jan. 1997-Sept. 1998, Danish Research Council Fellow, Niels Bohr Institute, Copenhagen, Denmark

Faculty appointments: *March 2007-present*, Senior Physicist with Tenure, Group Leader, BNL Nuclear Theory (2010-)

March 2009-present, Adjunct Professor, Stony Brook University

Oct. 98-March 2007, Asst., Associate and Physicist appointments, BNL

Honors: International Scientific Associate, LHC Discovery Center, Copenhagen (2010-); Fellow of the American Physical Society (2007-); Chair, BNL Council (2010-2011); Andes Foundation Lecturer, Chile (2007), A. Von Humboldt Foundation US Research Fellow (2004-2005), Fellow RIKEN-BNL Research Center (2000-2003), Royal Danish Research Council Fellow (1997-1998); Univ. of Chicago Undergraduate Scholarship (1984-1987)

Scientific Activity: Author of ~**120** publications with ~**7000** citations. One paper with over **1000** citations (*12th on the all-time high energy phenomenology SPIRES list*), two others with over **500** citations and one with over **400** citations. H-index of 39 (SPIRES).
Organized over **30** conferences and workshops, lectured at **20** international summer schools, and delivered over **150** talks in the last decade. Interests include Quantum Chromodynamics at high energies, heavy ion collisions, deeply inelastic scattering, many body collective phenomena, non-equilibrium quantum field theory.
